Dear Parents/Guardians

This will be my final year at St. Lawrence Catholic Elementary School. It has been an honour and privilege serving this school community for the last four and a half years. I will most definitely miss the friendships that I was so fortunate to have created with staff, parents, caregivers and most certainly the wonderful students for which I am so very much proud of. With your support, we were able to culminate a Catholic School community that persistently worked to exemplify Gospel values for which our Christ Saviour embodied and modelled for us.

I leave behind a dedicated staff who continuously put the needs of students above all other things. It was indeed a privilege giving witness to our staff's vocation as Catholic educators. In particular, I would like to offer my appreciation to the administrative team consisting of Ms. Lamparski, Assistant to the Principal, and Mrs. Capozza, Administrative Assistant, for their constant care and dedication for our students.

To our parents, grandparents, caregivers and in particular, members of our Catholic School Council, thank you for entrusting your most precious gifts from God in our care. Your dedication as parents/caregivers supported our work in developing your children's spiritual and academic potential. To the pastoral team of St. Lawrence parish and the individual pastors I had the pleasure of working with throughout the years, thank you for solidifying the integral partnership between parish and school, which has helped to build upon the Christ centeredness felt by all community members.

Mrs. Trotta has been appointed as the new principal of St. Lawrence Catholic Elementary School for September 2019. I offer her best wishes as she begins her leadership journey within this school setting.

May God continue to grant His blessings on all of you. Wishing you all a wonderful summer.

Yours in Catholic Education,

Mr. Di Martino  
Principal
